PROJECT EXPERIENCE

JavaWebServer

Currently building a web server, that serves static files. Building it in pure java, want to learn how HTTP works at the practical level

<https://github.com/AleksandarAngelevski/JavaWebServer>

Jardin

Web app that i built in Django as a grade project for the course Introduction to Web Design. Gained experience working with API's and JSON data

<https://github.com/AleksandarAngelevski/jardin>

Kusur

Bill splitting application built in Spring Boot as part of a grade project for the course Internet Technologies

<https://github.com/AleksandarAngelevski/KusurProject>
